Indiana Level of Care Assessment Representative (LCAR)

Attention PathWays for Aging - Managed Care Entities (MCE) and Nursing Facility Staff:
Three-Year Long-Term Level of Care Assessments are Discontinued

Process Update:

After receiving feedback from nursing facility providers and managed care organizations (MCO), FSSA has evaluated the need for MCOs to complete three-year long-term level of care assessments for individuals enrolled in Indiana PathWays for Aging and also residing in a nursing facility. FSSA has made the decision to discontinue this process effective immediately. At this time, there will be no penalties for any nursing facility, nor will there be adverse consequences for these residents.
